“ Jeanine made a huge difference in my life. I know I'm one of so many whose lives changed for the better for having taking one of her courses. I took two or three. My bedroom door and walls were covered in post it notes as I sorted through my plan of action. She was a lovely positive person and a real example of what could be possible. My sincerest condolences to all of us who have lost her.

“ I didn't know Jeanine personally, only through her online work. I valued what she offered, as a client, and was really thankful for the way she worked and helped people.

I offer my most sincere condolences. She will be missed. No words can ease the pain, but I pray for peace. ~Debra Burke

“ My apologies. I wanted the photo to be a thumbnail to the left, not front-and-center, but since it is, that's Lily with me.

“ Many years ago, I had the privilege to introduce you to our student body and staff. I called you a cool cat, you were so tickled by that. You told everyone that it was the newest honor you had received. From then on, when we saw each other you would tell me that was still the best introduction you ever had. A fabulous woman or I should write, the coolest cat. My thoughts and prayers are with you and your loved ones.

“ I have only had the chance to meet Jeanine a couple of times, and was very much looking forward to getting to know her. God had other plans. But I feel like I already know her through her daughter, Madison, who will soon be my daughter in law. Such a special family, and so much love between Jeanine and her girls. I am certain she is shining down on them with pride. May God wrap his loving arms around you, Jeanine and your girls. She is not gone, just away. God Bless.
