“ What a beautiful soul. We were so very blessed to have Normie on our pilgrimage. You could easily see what a caring and loving child of God she was. She radiated God's love in all she did. She will be sadly missed by all those in her community and all those she touched. We were just blessed to have met her and be in her presence.

“ My husband and I met Dr. Normie in 2012 when we had to rush our newly adopted kitten to her after our mare accidentally stepped on him. We were sure he was going to lose his leg! Dr. Normie very calmly and quickly assured us that it looked much worse than it really was and had our Bubba fixed up and going home with us in no time. Dr. Normie became our vet on that day and every visit we had from then on was just as wonderful. No matter the situation, she took care of the problem and calmly reassured us! We only knew her professionally, but we did see her at daily Mass at St. Joseph's Abbey several times when we attended that Mass. She was a wonderful vet and obviously a lover of animals. She will be missed by us and our cats and I'm sure by all who were fortunate enough to know her. Eternal rest grant unto Dr. Normie, O Lord, and let perpetual light shine upon her. May the souls of the faithful departed, through the mercy of God, rest in peace. Amen

“ Josie my Jack Russell when you mentioned vet Normie she was out the door tail wagging jumping in the car no matter how sick she was. Does that not tell you everything.

Miller hospital hwy 25 knowing right away someone very special lives here for sure. Flowers of every description everywhere. Circle yard full of beautiful goats. A green archway leading to the door reminds you a little bit of heaven for sure.

I am grateful honored and privledged to have known such a beautiful soul. My only regret is this I took you for granted and never told you how special you were. May God take special care of you as you took care of everyone around you.
I sincerely hope we meet again. I love you always. Jenna, Josie and RIP Baby boo.

“ Sweet Normie,
I know we only knew each other for a short time a bond was formed & I am forever grateful for that. I am so thankful to God our most beautiful Mother Mary & the divine Holy spirit that our journey's crossed paths. It was so weird that we were in Medgorie & didn't connect & on our dream pilgramage to the Blessed Holy Land we did. God sure has some awesome plans. I'm so glad we become friends/sisters having a person like you in my life meant alot. You were someone I could always talk to & laugh with. You just made my laugh on purposes as you said I had a contagious one. You listened & offered support. You made the world a better, happier more brighter place. I will never you asking my opinion on your beautiful pieces you purchased in the Franciscan store & saying that you would enjoy for a year & then graciously offer it to me. I just had to promise to sing to you when ever you called. On Sun we exchanged texts talking about you visiting after Lent. You wanted to spend Easter with me. My heart is saddened but full of joy for you are Home with a Father who created you most wonderfully . I am just sorry that in all my efforts to attend your funeral & sing at your special occasion as I promised a winter storm has kept me in Canada. I will offer a mass for you today.I love, miss you pray for you, I will your loved ones family & friends. Rest in peace pace bene my most beautiful sister Normie.

“ When we first moved to the Northshore, Dr. Miller was recommended to us because my dog was so old and on quite a bit of medication. We drove the extra distance because after our first visit we were hooked. She would sit on the floor with my dog and treat him because she knew how scared he was of the table and being there. She did it every visit. She was so thoughtful and kind. You could definitely feel the love. Sending prayers to her family and friends.

“ I am so terribly saddened to hear of Normie's passing. She was an amazing friend with a beautiful soul and an extraordinary veterinarian who always went above and beyond in her loving care of my fur-babies. Since moving out of town six years ago, I hadn't been able to see Normie much but she still found time to text and check in on my dogs and me. It is clear to see she truly touched the lives of so very many people and she will be so dearly missed. My thoughts and prayers are with the Miller Family, Dr. Normie's staff and close friends.

“ Our hearts and thoughts are with Dr. Normie's family, staff, and clients. I know our fur babies will miss her, especially Snowball (after all, as she told us multiple times, he's the reason she had to get new Frenchies, because we wouldn't let her have him). We will miss her professional and thorough care, her sense of humor, and her hugs when we've had to make that most difficult decision to say goodbye to one of our fur babies. Normie, when you reached the other side of the Rainbow Bridge, there were

so many of God's creatures there to greet you, including our Dante, Molly, and Angelo, and what a joyful noise was made, for they know you were their good and faithful friend.

With sincere sympathy,

Randy, Yvette, Melanie, TW, Snowball, Brownie, Mocha, and Mew

“ I met Normie for the first time during our pilgrimage to the Holy Land over the recent Christmas break. At first, we weren't too talkative. But soon, our mutual faith in God drew us together. We laughed and cried out of joy in the midst of our reflection of the holy sites. Once, I got separated from the tour group while sightseeing the Way of the Cross in Jerusalem. But thanks to Normie, I found my way back after being lost for 40 minutes. Later, Normie shared details of her spiritual journey that really echoed my past sentiments of being lost and broken. But Christ, the Good Shepherd, has reclaimed me and Normie!

Normie exuded a sense of genuine love and reverence for Jesus and His Mother. I'm surprised that we have a lot in common. We're both crazy about our pet dogs and our faith! Normie enjoys going to Mass daily in Covington, even skipping veterinary work during her lunch hour in order to commune with her Beloved Jesus. I kinda relate to that because I love daily Mass as well! During our last evening in Jerusalem, we wanted to stay close to Jesus for one last time. So Normie and I walked for about 15 mins from our hotel to the Holy Sepulchre. Unfortunately, the gates to the Sepulchre were closed after 7pm. But that didn't deter us. We recited the Rosary and the Divine Mercy Chaplet together outside the gates of the Holy Sepulchre. The street was empty and there were just the two of us praying. It's truly one of my fondest memories. As Normie accompanied our Lord outside the gates of his burial place, so too her departure to the afterlife will be accompanied by her Merciful Jesus. As Jesus asked St. Peter, "So, could you not watch with me one hour?" Normie could probably speak on behalf of St. Peter, "Yes Lord, here I am!"

I feel very blessed to have known such a beautiful soul. I'll be praying for Normie often and I feel that she'll continue to watch over me and my priesthood formation!

To Normie's parents and loved ones, I extend my condolences to you all!

In Christ and His Mother,

“ I was so sorry to learn of the passing of Dr. Miller. My thoughts and prayers are with her family and friends. I shared Normie's love for the Abbey, would run into her there at daily mass and at their annual fund raiser. Normie was a generous person in many ways.

I feel certain she has been welcomed into God's rest.

“ Normie, I know Jolie was there to jump into your arms! Not sure why someone so full of life and love and compassion would be called home so soon! I am beyond grief stricken, I am completely in shock, the sorrow just keeps coming. I can't imagine not hearing your sweet laugh and how loving you were to my babies! and to me! We cried together, we laughed together! You were there at 2:20 am to answer my calls and I was there when you needed someone who understood puppy love! You said I always gave you hope that it was ok to be the crazy dog lady! We love are babies! Your babies are not going to understand where you are, just so sad! We love you and appreciate all you did, me and my gang will miss you terribly! R.I.P sweet Normie! Kiss Skeeter and Knot for me! Till we meet again!

“ I, too, will miss Dr. Miller greatly. She cared for our last 7 dogs (and me!) and one horse with such real love. She was so generous. I am sad for us, but feel joy knowing that she is truly "in Heaven" with all of our pets, and more importantly, with her Heavenly Father.

“ I cannot say enough how sad I am for your loss and that of the community who loved her and the animals she took care of. Normie was a wonderful person, friend and Vet who loved the animals she cared for as much as the owners. Her compassion when dealing with my babies was what made me keep bringing them to her for over 16 years. If I could have brought my horses I would have. I know the hole she has left in your hearts and family cannot be replaced but know that she is crossing rainbow bridge and playing with all those loving pets that she has helped cross when they needed her to.

She gave to us her best- her love and shared the dreams and hopes mentoring my daughter to follow in her footsteps to become a Doctor of Veterinary Medicine. We share now the enormous loss with her family. As we remember the loving and devoted heart of Normie, let us also remember that her love imparted to us remains as a witness to the beauty and compassion that comes from the Lord.
Sweet girl, I will miss you Normie. Thank you for all you have done for us. We love you always.
